Get your smart AI meeting assistant

Start your free trial now!

- ① Go to <https://smartmeeting.semble.ai>
- ② Sign up
- ③ Enter the serial number of your device (you can find it on the packaging or the device itself)
- ④ Use the code "SM2022D1" to activate your Team Plus plan (unlimited number of meetings in the first month, then up to 4 meetings per month)

① Connect the correct plug to the AC adapter

② Connect the AC adapter to the device and a power socket

③ The LEDs on the top of the device indicate the battery status and stop blinking after the device is fully charged

① Connect the USB cable to the "USB / OUT" port of the device and to a computer. Note: The device can only be charged via the AC adapter

② Press to turn the device on

③ You can now use the device with various meeting software, by selecting "PSE0501"

① Press to turn the device on

② starts blinking blue and the speaker says "pairing"

③ Hold for 1 second (only required at initial setup)

④ Go to the bluetooth settings of your device and choose "PSE0501" in the list

⑤ stops blinking and lights up blue. The speaker says "connected"

⑥ Hold for 1 second, to disconnect from the current device

⑦ To fully unpair, go to the bluetooth settings of your device and remove "PSE0501"

Press to change the volume of the speaker

Press to mute yourself

To reset the device, press and hold the reset button on the back side of your device by using a small, pointed object, for example, a paper clip

You can use the "IN" USB Type-C port to connect a second PSE0501 device (cable not included) to further increase the range
