Automated meeting minutes and insights

The Philips SmartMeeting Conference Microphone and Sembly Meeting Assistant take part in meetings with you as your dedicated note takers. The microphone's smart speech-enhancing and noise-filtering technology ensures clear and natural sounding calls. Sembly creates automatic transcripts, summaries and highlights action points and to dos for you. The solution helps you find out who said what easily and quickly after every meeting, even if you could not attend.

Quick and accurate meeting protocol

- Automatic minute taking to help you focus on your meetings
- Instant meeting summary so you know the outcome of every meeting at one glance
- Automated meeting minutes and actions for saving time
- Voice ID for clear speaker separation
- Sembly works with all major platforms such as Microsoft Teams, Google Meet, Zoom and GoToMeeting

Highest recording quality

- 360° recording with high-quality 4-array microphone for clear meeting recordings
- High-quality loudspeaker for understanding voices clearly
- Plug-and-play connectivity via Bluetooth or USB for easy setup
- Portable design and powerful battery for flexible meetings even on the go

Highlights

Focus on your meeting

Sembly will join any call it is invited to, introduce itself, and record the call. It can even attend a call when you're not there! You can focus on the conversation and not get distracted by having to take notes.

Instant meeting summary

Shortly after a call, the transcript of the conversation will appear in the Sembly app, which you can read, search, and share as needed.

Automated action points

Sembly's smart AI tracks actions, issues, requirements and more to help you zoom-in on key items, in case you missed something during your call or just want to confirm specific details from the discussion.

Clear speaker separation

Sembly offers advanced features such as the revolutionary VoiceID algorithm, which identifies speakers in meetings and is able to separate the transcripts per person to see who said what. Each speaker is assigned their own virtual "voice fingerprint".

Integrations

Sembly connects with all major platforms, such as Microsoft Teams, Google Meet, Zoom and GoToMeeting. Sembly automatically syncs with your Google or Outlook calendar. You can also invite Sembly to an unscheduled call at any time.

360° recording

The microphone comes with a noise-cancelling 4-array microphone to capture a radius of 6 meters and up to 6 speakers around the table. The smart speech-enhancing and noise-filtering technology ensures clear and natural sounding calls.

High-quality loudspeaker

SmartMeeting solution comes with a high-quality loudspeaker which makes sure you can hear and understand every word which has been said by others in the meeting.

Seamless connection

Start your calls instantly thanks to simple plug-and-play connectivity to your laptop or smartphone, using either USB or Bluetooth.

Portable design

The SmartMeeting Conference Microphone is lightweight and compact so you can carry it from meeting to meeting throughout the workplace and even on the go. The high-capacity lithium battery makes sure you are always ready for your next conference call, lasting for up to 10 hours.

Specifications

Microphones

Number of microphones: 4
Arrangement: ring
Type: digital silicon microphone
Sensitivity: -29 db
Sampling rate/sampling bits: 48 kHz / 16 bit
Recording distance: about 6 m / up to 6 people
Recording coverage angle: horizontal 360°
Signal-to-noise ratio: 65 dB
Communication mode: full duplex

Loudspeakers

Number of speakers: 2
Speaker output power: 2 x 5 W

Battery

Type: Li-ion
Capacity: 2800 mAh
Runtime: up to 10 hours
Charging time: 3 hours

Connectivity

USB: USB-C 2.0
Bluetooth: 5.0
Compatible with Bluetooth: 4.2/3.0/2.1
Supports Bluetooth secure simple pairing

System requirements

Operating system: macOS 12, Windows 10 or later

Green specifications

Compliant to 2011/65/EU (RoHS)
Lead-free soldered product

Operation conditions

Temperature: 5° – 45° C / 41° – 113° F
Humidity: 10 % – 90 %

Dimensions and design

Product dimensions (W x D x H): 8 x 8 x 19.6 cm
/ 3.1 x 3.1 x 7.7 in
Weight: 560 g / 19.8 oz
